Sunday Morning Forecast

(Graphic Depicts 3am Sunday)

Rain

Ice/Frozen

Snow

Timing

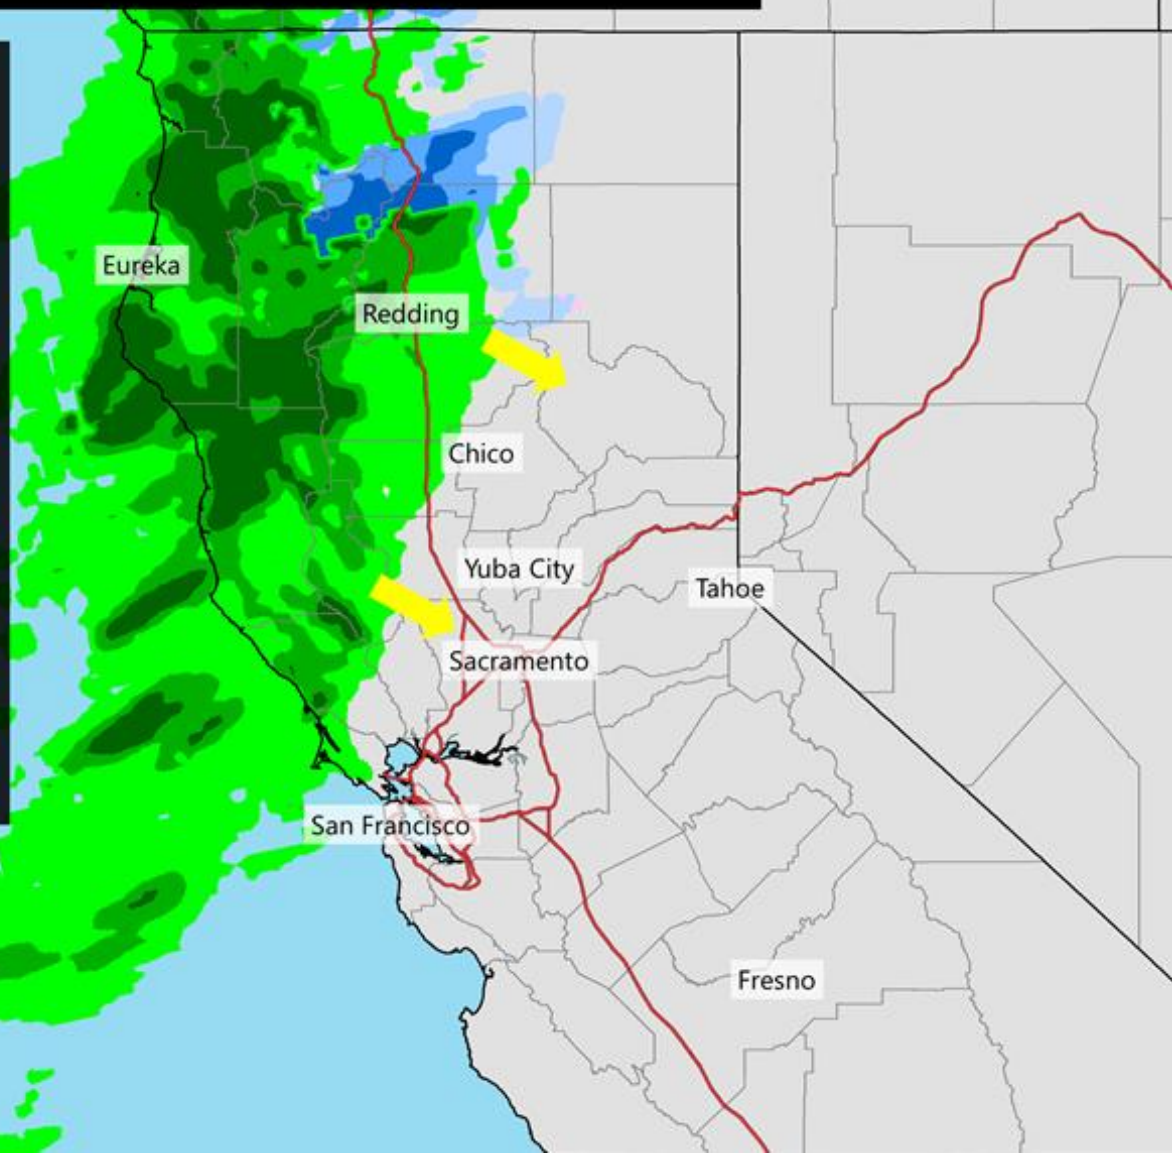

- Late tonight through Sunday morning

Snow Level

- 3000 ft (north) to 5000 ft (I-80)

Impacts

- Wet and cool weather during CIM race
- Poor travel conditions over passes

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA

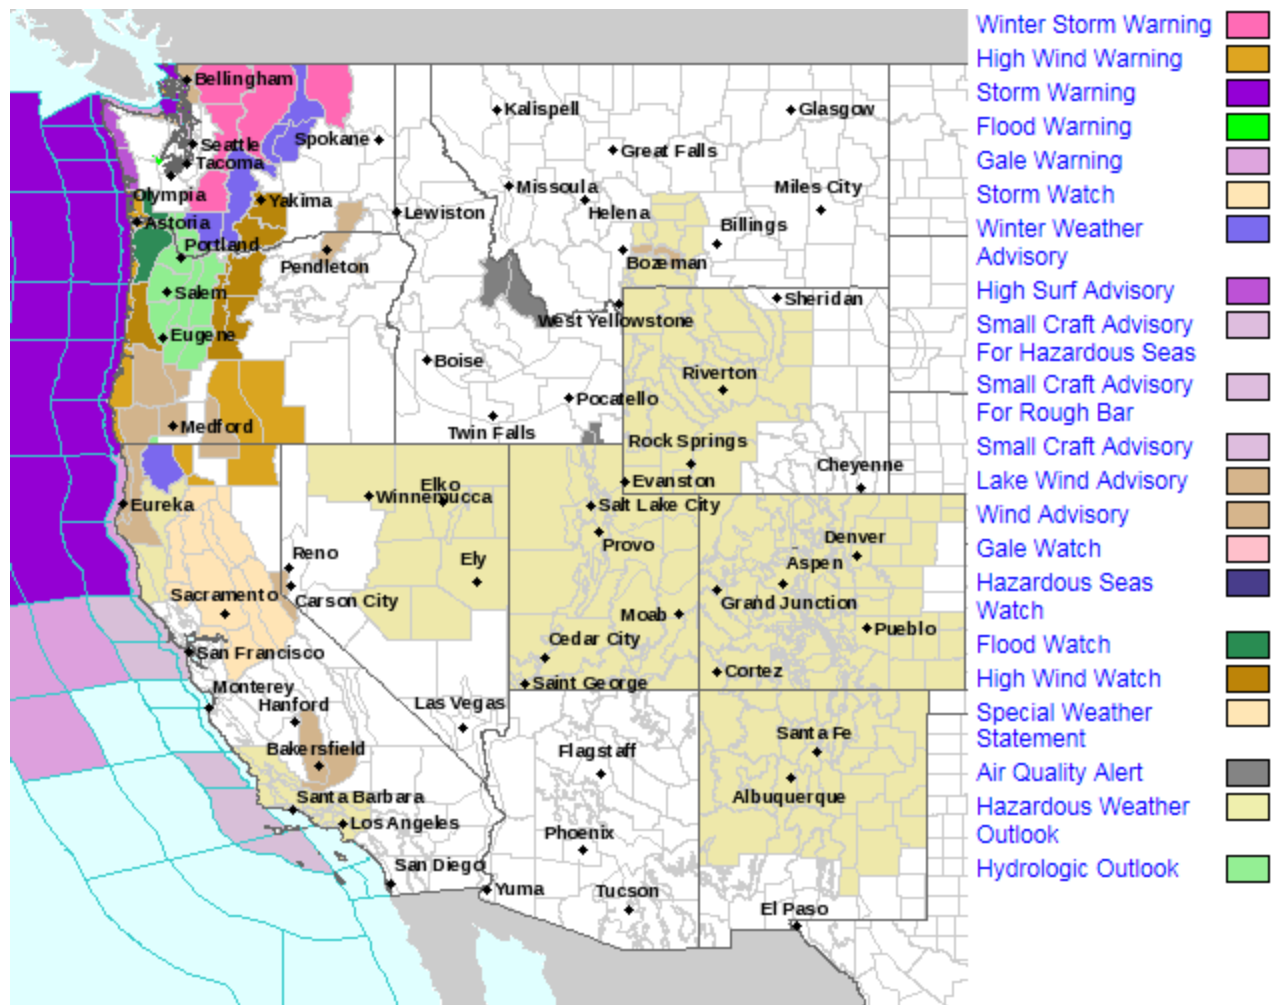

A weather system is off the coast with a warm front moving through today. The warm front may produce some light showers from Tehama County northward today. The cold front will move inland late tonight and Sunday morning. The system is not that strong but could bring 0.25 to 0.50 inches of rain for the valley and 0.25 to 1.00 inch of precipitation for the mountains. The higher totals are expected from around Plumas County northward. Snow levels look to start out around 4000 feet over the north to around 5000 feet for the Western Slopes of the Sierra Nevada. The bulk of the system moves through in the morning and then weakens significantly. Some lingering showers may continue into the early evening hours mainly over the mountains before ending. A couple of system will move into the Pacific Northwest early next week with zonal flow over Northern California. Most areas are expected to remain dry other than the far northern sections of the state which may get some light precipitation at times.

SOUTHERN CALIFORNIA

Patchy high clouds were moving across Southern California from the northwest this morning. These were just outriggers of a much larger area of thick high clouds moving over central and northern California. At 8 am numerous sites along the coastal foothills were reporting winds of 15 to 25 mph with gusts in the 30s. An isolated peak gust of 53 mph was reported west of the San Geronio pass at highland springs. Surface offshore pressure gradients had reached 10 millibars from southwest Nevada this morning. Expect the easterly winds to peak this morning and then slowly weaken into Sunday. The slightly higher humidity present along the coast may be able to hold as the developing thermal gradient pushes back against the synoptic gradient holding off the very dry air. But eventually the offshore will prevail and very low relative humidity (RH) will be back along the coast tonight and Sunday. The very low RH and light winds overnight will allow temperatures to fall back into the upper 30s and 40s west of the mountains by morning (except along the immediate coast). Temperatures will rebound quickly on Sunday under fair skies.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage <http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf>
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC and will be held once per month.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

Local Emergency Proclamations:

A total of 63 local Emergency Proclamations have been received to date from city, county, and tribal governments, as well as special districts:

- 29 Counties: Butte, Colusa, Calaveras, El Dorado, Fresno, Glenn, Inyo, Humboldt, Kern, Kings, Lake, Madera, Mariposa, Merced, Modoc, Plumas, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Shasta, Siskiyou, Sonoma, Stanislaus, Sutter, Trinity, Tulare, Tuolumne, and Yuba.
- 13 Cities: City of Live Oak (Sutter County), City of Lodi (San Joaquin County), City of Manteca (San Joaquin County), City of Montague (Siskiyou County), City of Porterville (Tulare County), City of Portola (Plumas County), City of Ripon (San Joaquin County), City of San Juan Bautista (San Benito County), City of Santa Barbara (Santa Barbara County), City of Rancho Cucamonga (San Bernardino County) and City of West Sacramento (Yolo County), City of Willits (Mendocino County), and City of Fort Bragg (Mendocino County).

CAL OES MISSIONS

Closed Cal OES Missions

- **2015-LAW-20263, 12/3/2015, 2319 hours,** Butte County Sheriff's Office (BCSO) is requesting (15) Snow track vehicles and personnel along with (2) SAR Trailing K9 to assist in searching for a 65 year old male last seen the evening of 12/2/2015. On 12/3/2015, the missing persons (MP) truck was located above the township of Inskip and the subsequent search area received 8-10 inches of snow. The requested resources are to meet at the ICP located in Inskip for a 0900 briefing, 12/4/2015. Cal OES Law Enforcement Branch coordinated the request. Update: 12/4/2015, 0131 hours, Shasta and Placer County Sheriff's advised they would fill the request. **Update: 12/4/2015, 1612 hours,** [BCSO advises MP located alive and well reunited with family. All mutual aid resources have been released and are back at home base.](#) **Mission Closed**

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
